Chapter 02:

Marriage Matters

In this chapter we will discuss some important questions often asked about marriage. Firstly we will understand some basic rules regarding marriage. In a horoscope seventh house is the house of marriage. We also have lord of seventh house and a karaka of seventh house. We try to understand the significations and the area ruled by each of them.

1. **Seventh house** – It is the house that governs marriage. The promise of marriage is seen from this house.

2. **Seventh lord** – The seventh lord is the owner of the house. His responsibility is to look after the house. An afflicted lord will not be able to look after the house. Well connected lord will manage the house well.

3. **Karaka** – The karaka of marriage for male is Venus. The karaka of marriage for female is Jupiter. Venus also represents the lust and luxury for both sexes. The sexual energy of male is controlled by Venus. The sexual energy in female is controlled by Mars. Karaka is the inner beauty in marriage. It is not the physical charm but the caring attitude.

Kaal Purush

Kaal purush chart is the basic chart. This chart gives a lot of information through the ownership, exaltation

and debilitation signs of planets in this chart. We understand this in reference to seventh house. This applies to navamsha as well.

1. **Exaltation** – Saturn gets exalted in seventh house. Exalted planet gives ego and status in marriage.
2. **Debilitation** – Sun is debilitated in seventh house. It gives no ego or status in marriage.
3. **Lord** – Venus is the lord of this house. Venus is the owner and is responsible to maintain this house.
4. **Sign** - Libra is the sign of seventh house in kaal purush chart. Libra is also seen for promise and quality of marriage.
5. **Jupiter** – Jupiter is exalted in fourth house. It is therefore significator of happiness in marriage. Jupiter is debilitated in tenth house.
6. **Sun** – Sun is exalted in lagan. Exalted Sun gives ego in marriage life.
7. **Mars** – Mars is exalted in tenth house and gives authority in marriage life.
8. **Venus** – Venus exalts in twelfth house of bed room.
9. **Mercury** – sixth house is the exaltation and causes rift in marriage life.

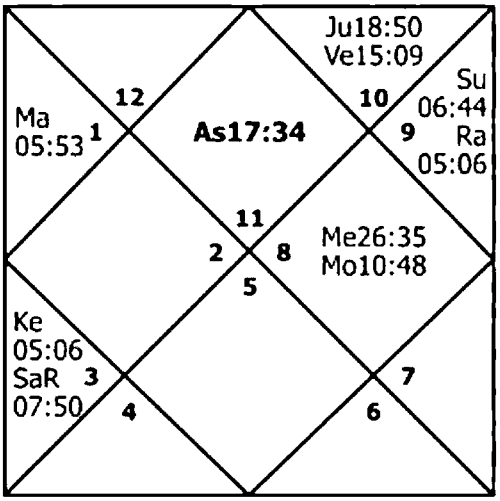

Promise of Marriage

Seventh house is the house of marriage. The promise is marriage is seen from seventh house. It is not the purview of seventh lord as seen by many. The promise is checked first in birth horoscope. The seventh house can be unoccupied and un aspected. There can be a malefic relation but it should have a benefic relation. The lagan lord and seventh lord even when a malefic their association with seventh house can still promise marriage.

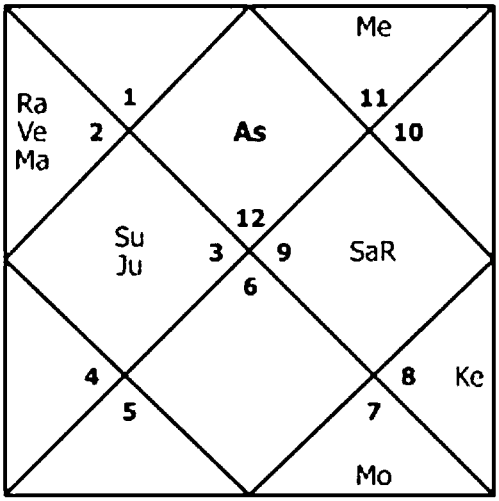

Association of only benefics with seventh house is good for promise of marriage.

Now we check the lagan and seventh house of navamsha. Lagan is the desire of marriage. The lagan should have benefic relation to make a person desirous of getting married. Seventh house of navamsha is the house of marriage. It should meet conditions as discussed for birth horoscope. The sign Libra is also seen for its association and aspect.

Example DOB 22 December 1973, TOB 11.25, POB Delhi

Seventh house of birth horoscope is not having any planet. It is aspected by Saturn. Saturn is considered malefic but not for this horoscope since it is lagan lord also. The promise of marriage is present.

In navamsha the seventh house is vacant and not aspected by any planet. It is not a denial but seventh house is average and have no malefic relation. Lagan also is vacant and not aspected. Libra is occupied by Moon and aspected by Jupiter. Jupiter is benefic and is lagan lord.

Marriage is promised.

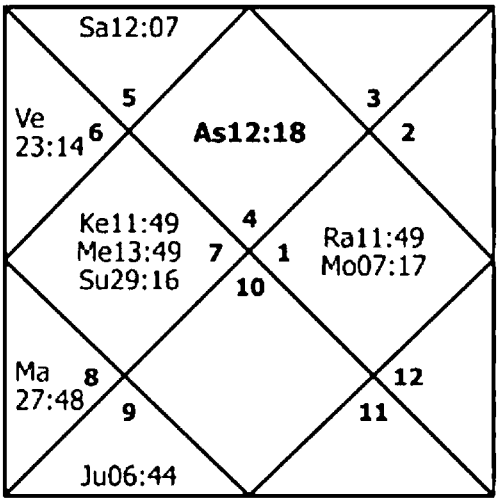

Quality of Marriage

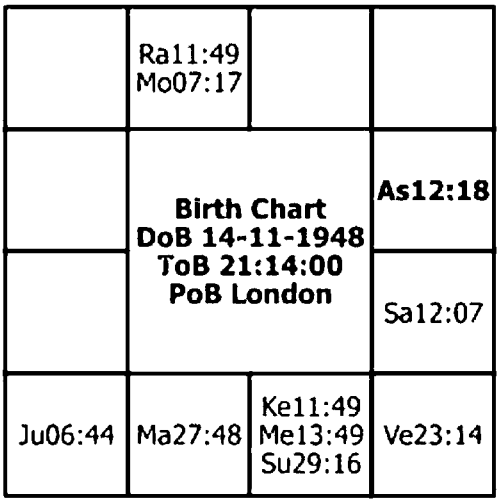

We have noted that karaka of marriage is the beauty of marriage and gives a clue about quality of marriage.

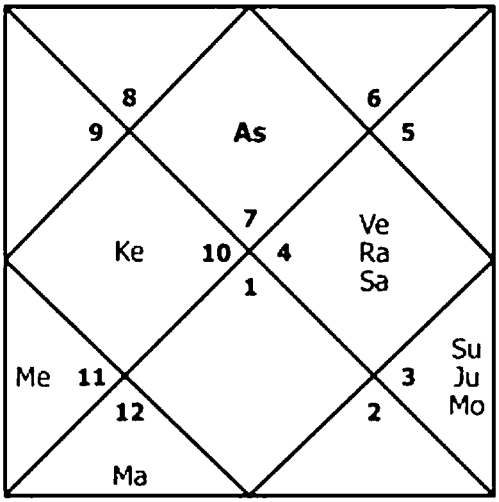

1. The karaka of marriage is checked in birth horoscope and navamsha. It should not have malefic association. It can be debilitated but should not be afflicted. One affliction is tolerable. More afflictions spoil the marriage. Benefic association improves the quality of marriage. Navamsha is the final outcome.
2. Two or more benefic association with seventh house also enhances quality of marriage. This is seen in birth horoscope and navamsha.
3. A combination in Trimshamsha and birth horoscope provides good information about quality of marriage. When sign of Saturn or Mars or Sun rises in lagan of Trimshamsha and these planets also influence lagan of birth horoscope then the marriage is disturbed. The problem is manifold if Sun or Moon occupy birth lagan and have malefic relation. When these are replaced by benefics then marriage is a quality marriage.

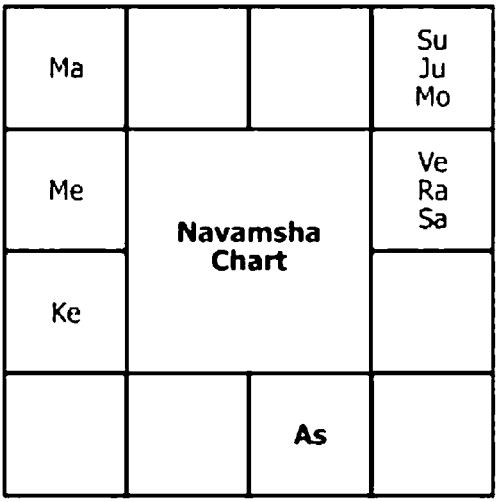

Sometimes marriage starts on a happy relation but turns bad over a period of time. The reverse is also true. We should also check this. The birth horoscope and navamsha are consulted for this. The navamsha is shashvat chart and show the ultimate condition. When quality is good in birth horoscope and is bad in navamsha then the relations turn sour over a period of time. When it is not so good in birth horoscope but is good in navamsha then relations improve after some time.

Example Male DOB 14 November 1948, TOB 21.14, POB London

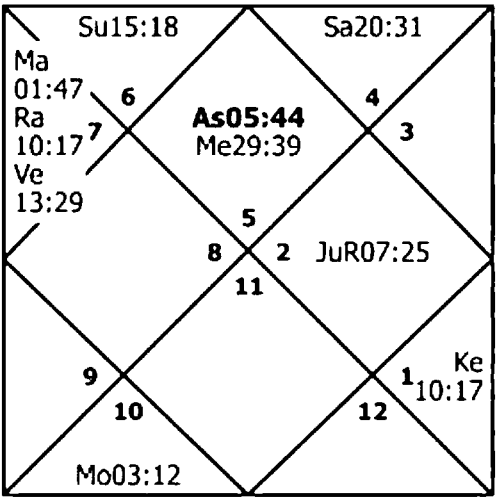

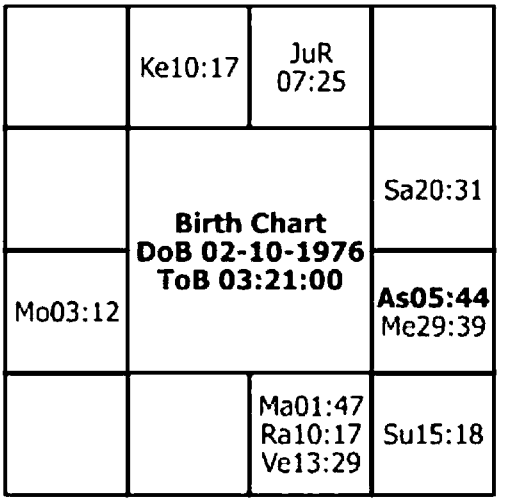

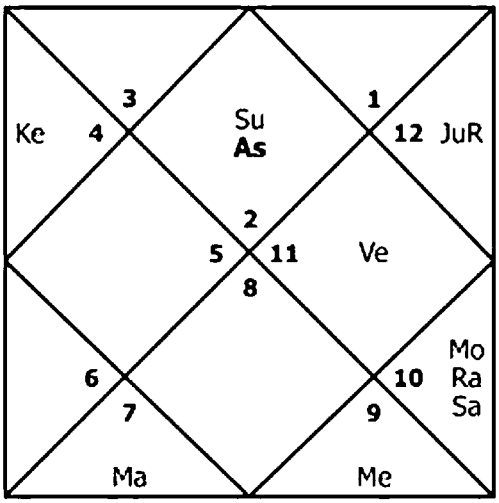

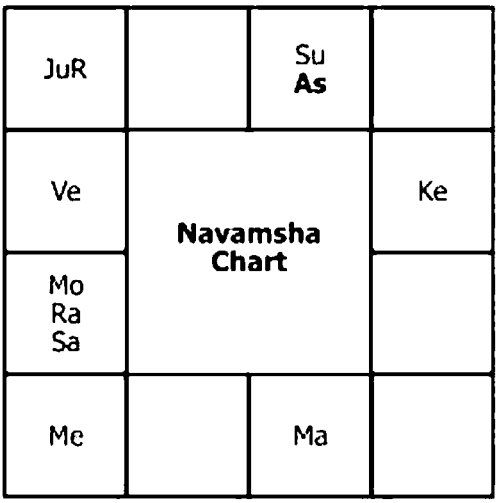

This is a male chart. Venus is the karaka of marriage. In birth horoscope Venus is debilitate but have no malefic association. In navamsha Venus is with Rahu and Saturn. It has no benefic association. Seventh house is under malefic aspect of Saturn. The marriage turned bad later even when it started on a good note.

Example Female DOB 2 October 1976, TOB 3.21, POB Narwana

This girl was not married. She was engaged for marriage in September 2010. Marriage was fixed for November 2010. Immediately after marriage she returned back to her parental home.

In birth horoscope Jupiter is under aspect of Mars. It has no benefic association. In navamsha Jupiter is again have the influence of Saturn. There is no benefic association or aspect with Jupiter.

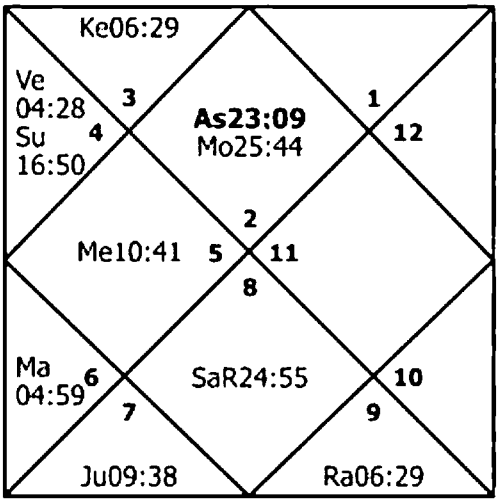

Early Marriage

Every society has an average or standard age of marriage for boys and girls. When a marriage is performed before this age then it is called an early marriage. This standard age of marriage is changing with times.

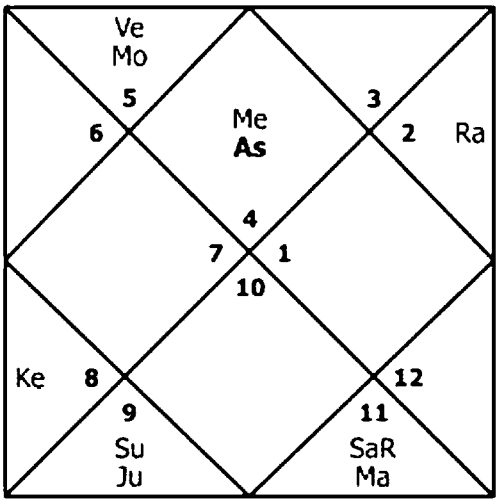

The first consideration is the promise of marriage. The seventh house is connected to benefics or its lord to promise marriage. A specific use of Trimshamsha chart is made to see early marriage. The rule is;

See if any planet is placed or aspecting lagan of birth chart. Now if the same planet is again placed or aspecting lagan of Trimshamsha chart, then this gives early marriage. This planet can be a malefic or benefic.

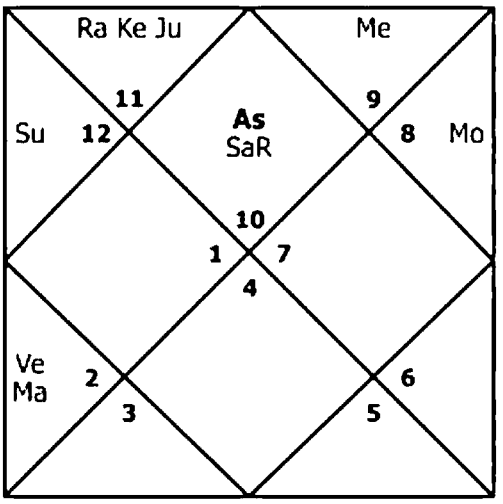

Example – Kamala Nehru, DOB 2 August 1899, TOB 01.45, POB Delhi

First we check the promise of marriage. In birth chart Saturn is placed in seventh house. This gives marriage of status. In navamsha seventh house is aspected by Mercury. It is a benefic aspect and marriage is promised.

Saturn is aspecting lagan in birth chart. Saturn is placed in lagan of Trimshamsha. Early marriage is promised. She was married at the age of sixteen. The quality of marriage is not good because of this Saturn.

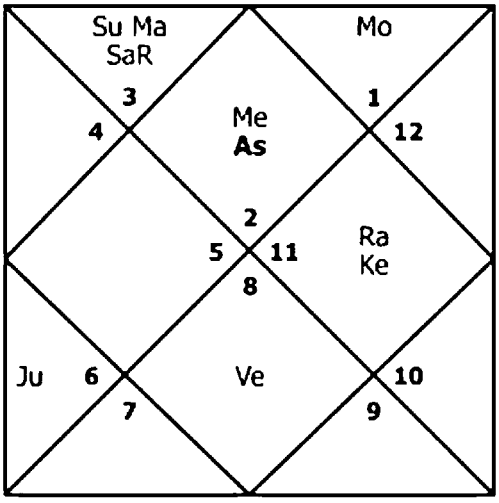

Example - Ma Anandmayima, DOB 1 May 1896, TOB 03.01.30, POB Kheora

In birth horoscope seventh house is aspected by exalted Venus. Seventh house is in papa kartari. The aspect of Venus gives marriage but papa kartari is not a happy marriage.

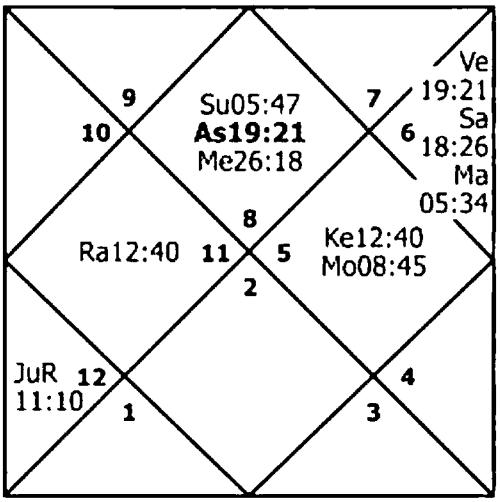

In navamsha seventh house is in subh kartari and aspected by its lord Saturn. Again constraints are seen in marriage. These constraints are fruitful now.

Now Trimshamsha solves the problem. Venus is in lagan of birth chart. Venus is aspecting lagan in Trimshamsha and gives early marriage. She was married at the age of thirteen.

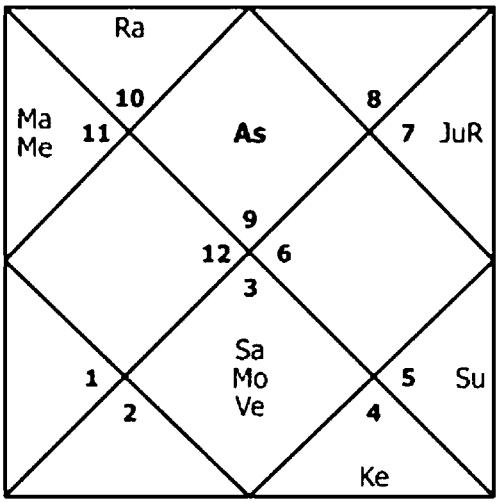

Timely Marriage

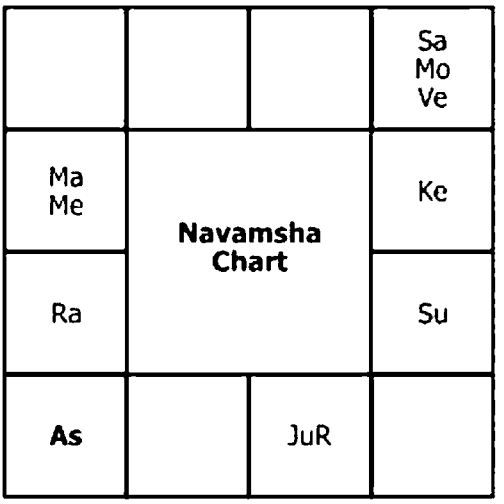

Seventh house is house of marriage. For timely marriage it should not be afflicted. It should have at least one benefic connection by aspect or conjunction in birth horoscope and in navamsha. Most important is the right dasha operates at the age of marriage.

Example – DOB 22 November 1951, TOB 07.55, POB Meerut

JuR 11:10			
Ra12:40	**Birth Chart DoB 22-11-1951 ToB 07:55 PoB Meerut**		
			Ke12:40 Mo08:45
	Su05:47 **As19:21** Me26:18		Ve19:21 Sa18:26 Ma05:34

Seventh house of navamsha is Gemini. Moon and Venus with Saturn are placed there. Normally this Saturn gives delay in marriage. Seventh house is aspected by Jupiter. The marriage is timely. She was married at the age of twenty one years. Saturn gave age difference with husband. This Saturn also gives status in marriage.

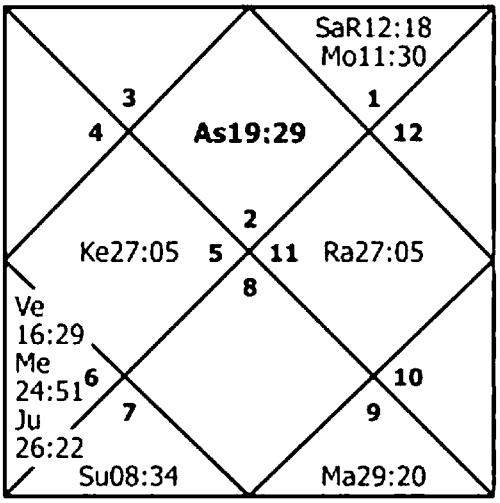

Late Marriage

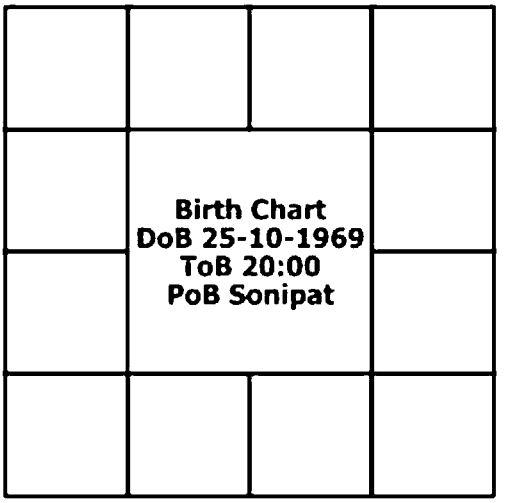

Seventh house should have malefic association in birth chart. More malefic association gives more delay. There should be a promise of marriage. The right dasha period do not operate at standard marriage age. The seventh house is devoid of benefic association in navamsha. It should have benefic association in birth chart or vice versa. Navamsha is shaswat chart. At least one benefic association in birth chart or navamsha is required.

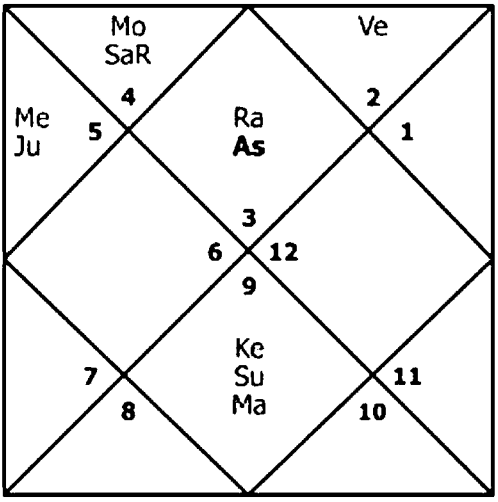

Another factor is desire of marriage. This is confirmed from lagan of navamsha. If lagan of navamsha is having malefic relation than desire is not present or the person is reluctant to marry.

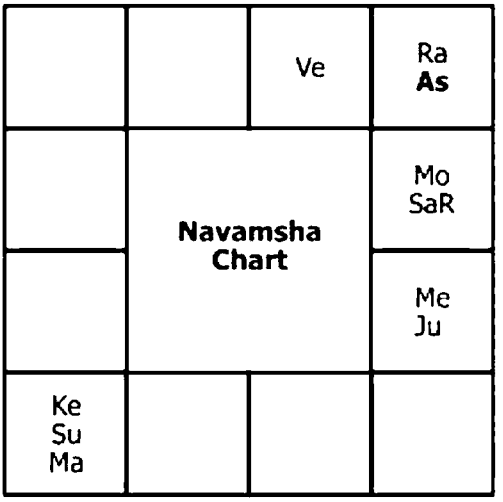

Example – DOB 25 October 1969, TOB 20.00, POB Sonipat

She married in March 2002 at the age of 33 years in Dasha of Moon / Rahu.

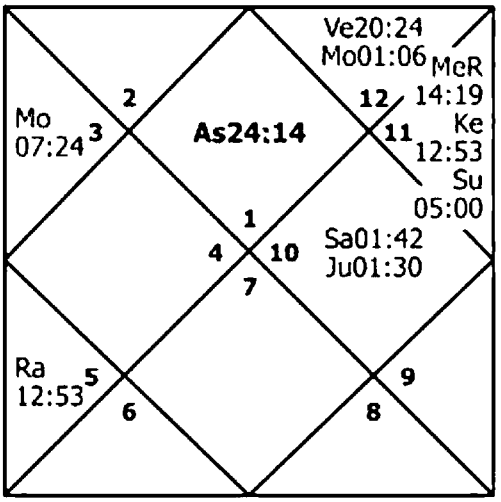

In the birth chart seventh house has no benefic association. It is in papa kartari. Birth chart do not present promise of marriage.

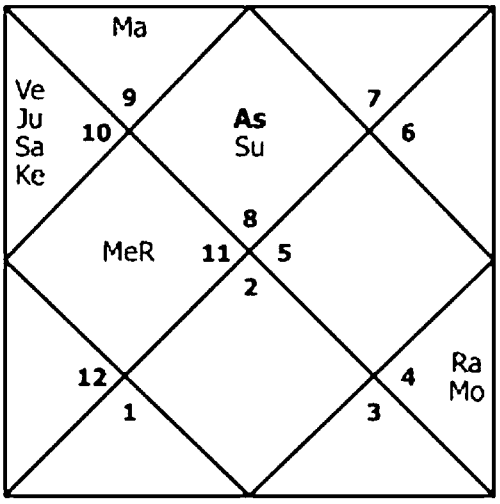

In navamsha seventh house is again have malefic planets. Lord of seventh is Jupiter. Jupiter is aspecting seventh house. This gives promise of marriage. The lagan of navamsha is having Rahu and has no benefic relation.

Example – DOB 17 February 1961, TOB 10.55, POB Delhi

Her marriage took place on 26 April 2001.

In navamsha Jupiter is aspecting seventh house giving hope of late marriage. She married at the age of 40 years. The Dasha was Ketu/ Venus.

Denial of Marriage

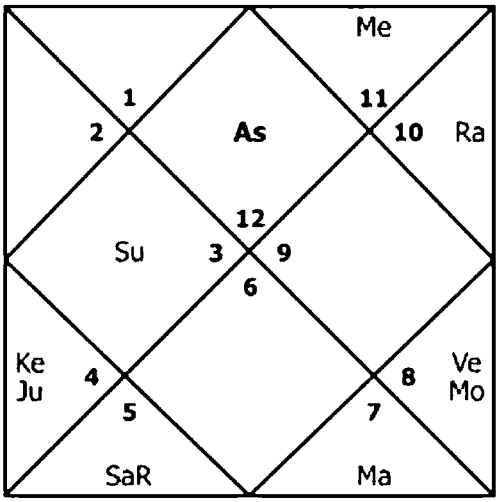

A person may not marry by choice or is not able to find a match. The astrological reasons can be many. We are listing some of them.

1. Seventh house of birth and navamsha charts is badly afflicted. This means three afflictions without any benefic relation.
2. A malefic is in seventh house in birth or navamsha chart. Any planet is in ninth house. This combination can deny a marriage. In case marriage takes place even than the person does not enjoy marriage. This combination takes a person towards spiritual life.
3. Karaka of marriage is placed singly in lagan of navamsha. The karaka is Venus for male and Jupiter for female. If this karaka has malefic relation then it is confirmed.
4. Trimshamsha is an important divisional chart for marriage. We have seen its application for early marriage. This is also consulted to confirm denial of marriage. **The seventh and eighth house of Trimshamsha is afflicted by malefic to deny marriage.** A benefic relation will give marriage.

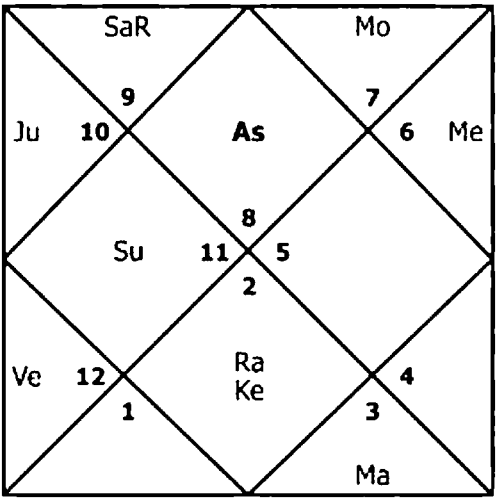

Example – Mother Teresa, DOB 26 August 1910, TOB 14.25, POB Babina Greda

Birth chart – Seventh house contains Rahu. It is aspected by Jupiter. It can promise marriage.

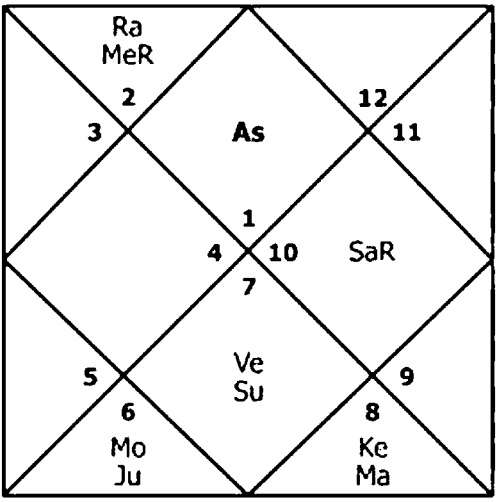

Navamsha – The condition of navamsha is not good. The seventh house is in papa kartari. It has no benefic association. The lagan is aspected by lagan lord Jupiter. This indicates the desire to marry.

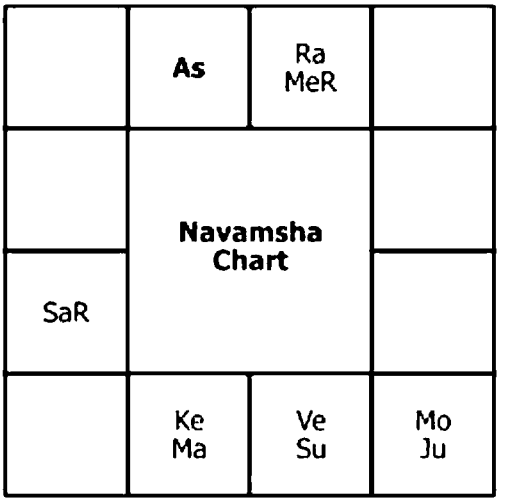

Trimshamsha – This unfolds the story. The seventh house has Rahu. Seventh house is aspected by Jupiter. The eighth house is badly afflicted. Mars is placed there and is aspected by Saturn. There is no benefic association with eighth house. Both seventh and eighth house have malefic to deny marriage.

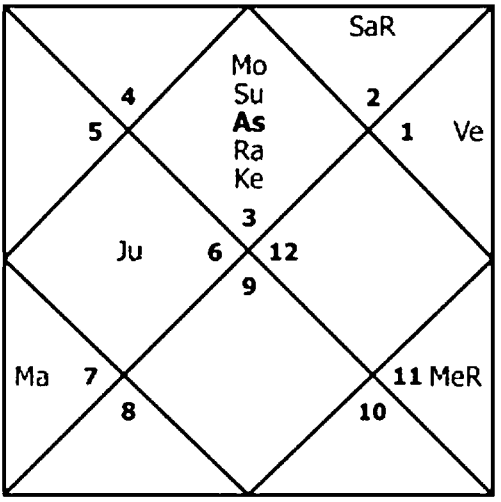

Example – Leela Samson, DOB 6 May 1951, 02.08, Nilgiri

Birth chart – Seventh house is having Ketu. It is not aspected by any planet. The condition of seventh house is average and it is not denial of marriage.

Navamsha – Seventh house has Sun and Venus. They are fifth and seventh lords. This combination indicates marriage by own choice. Seventh house is aspected by Saturn causing delay or a spouse elder to her. Denial of marriage is not indicated even in navamsha.

Trimshamsha – The Trimshamsha gives the final clue. Seventh house has Ketu aspected by Sun. eighth house is aspected by Mars.

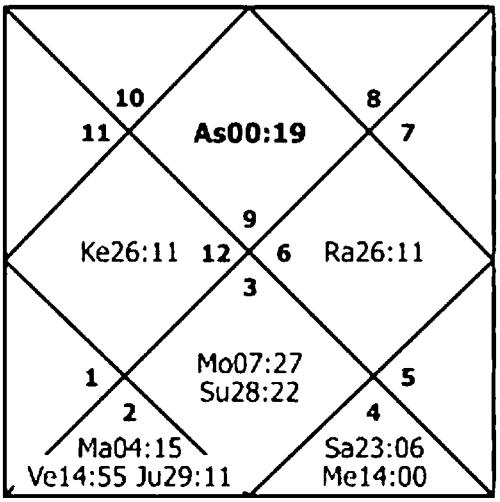

She had many opportunities to get married but marriage did not materialize due to professional compulsions. Another interesting observation in Trimshamsha is noted. Rahu is in lagan in birth chart. Rahu is again in lagan of Trimshamsha. This should give early marriage. This malefic relation will give unhappy marriage.

Marriage in Foreign Land

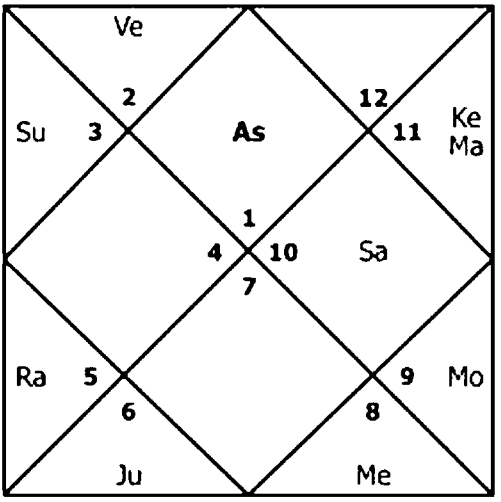

Seventh house is the house of marriage in navamsha also. The lord of seventh is the way to do it. Therefore the seventh lord is connected to ninth and twelfth lords to make a person marry abroad. The fourth lord of navamsha is also related to ninth/ twelfth house to move the home abroad. In some cases the twelfth lord is influencing seventh house.

This is the chart of an Indian girl settled in USA. She married a Pakistani boy and moved to Pakistan. She is not having a happy marriage and has returned to USA to live with her mother.

Example – DOB 14 July 1977, TOB 17.20, POB Delhi

In navamsha seventh lord is Venus. Venus is aspected by Jupiter. Jupiter is the ninth and twelfth lord. Fourth lord Moon has moved to ninth house. The fourth house is in papa kartari. Rahu is in retrograde motion and Sun is in direct motion making the kartari effect stronger.

Marriage with a Foreigner

This is better checked using Jaimini karaka. We take Dara karaka (DK). DK is seen for its association and aspect with Saturn, Rahu or Ketu. Association of DK with Saturn indicates marriage with a lower caste person. Association with Rahu or Ketu gives marriage with a foreigner. Ketu is considered worst. This marriage with a foreigner is confirmed in navamsha.

In the horoscope given above Mars is DK. In navamsha Mars is with Ketu. She married a Muslim boy.

Separation and Divorce

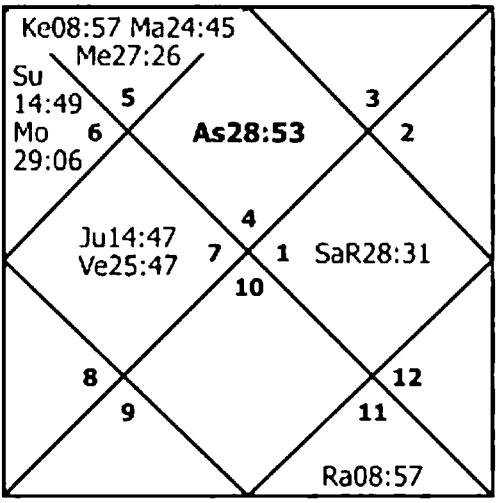

This has become a grave problem in modern society. We witness many cases of divorce within a short period after marriage.

The lord of seventh house is the manager of marriage and seventh house is the house of marriage. When a person is not able to manage marriage then separation or divorce results. We list some combinations that lead to this situation.

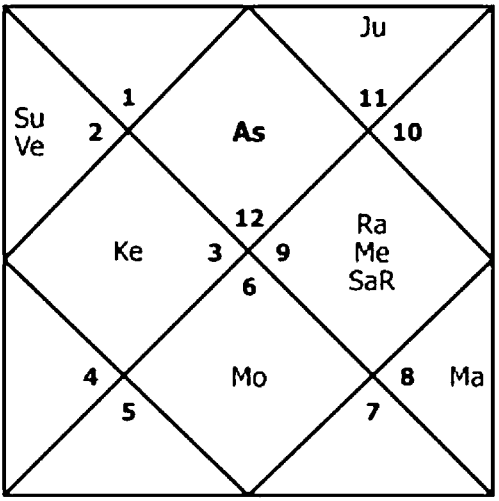

1. Seventh lord in navamsha is afflicted by malefic. Seventh lord is manager of marriage.
2. The seventh and eighth houses are related with each other. The eighth lord influence on seventh house or seventh lord is present.
3. There may a combination of multiple marriages present in the horoscope. This is not a must.
4. Some time the seventh lord in navamsha is retrograde. This becomes prominent when it is placed in dual sign and related to malefic.
5. Lagan or lagan lord of navamsha is under malefic influence.
6. Benefic influence will balance the situation and divorce is avoided.
7. Dasha is very important to decide the timing.

Example Boy, DOB 2 October 1970, TOB 02.38, POB Kanpur UP

The horoscope of a couple is given. They were married on 8 September 1996. A boy was born in 1997. The boy is living with his mother. Father is living separately in a foreign country. He is fully supporting the family financially but do not want to live with his wife. They were separated in September 2000.

The birth horoscope of boy is not indicating separation. The seventh house is aspected by its lord Saturn. The picture is clear in navamsha. The seventh lord is under affliction with Saturn and Rahu. It has no benefic aspect. The separation came in Jupiter/ Venus. Jupiter is lagan lord placed in twelfth house in navamsha. Venus as karaka is under affliction by Mars and Sun.

Example Girl, DOB 15 June 1976, TOB 21.00, POB Bhopal MP

In her navamsha the seventh lord is Mercury. Mercury is with Rahu and aspected by Saturn. Aspect of Jupiter is providing support. Her breakup came in Rahu/ Venus. Venus is with debilitated Sun.

Death of Spouse

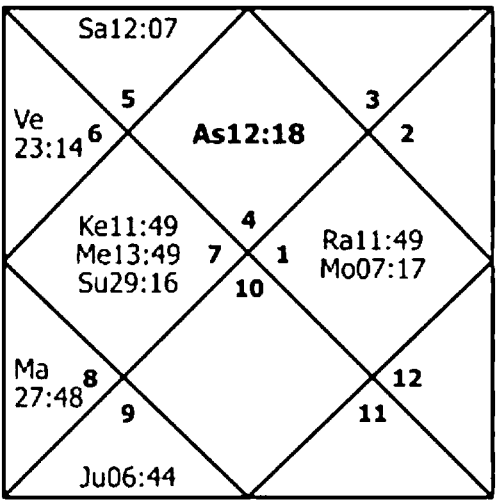

Many times a query is put "who will die first "? The classic rule says that seventh lord in sixth or twelfth with malefic the spouse dies. This is not true always. This can

indicate problems to spouse. We give simple rules applicable in navamsha.

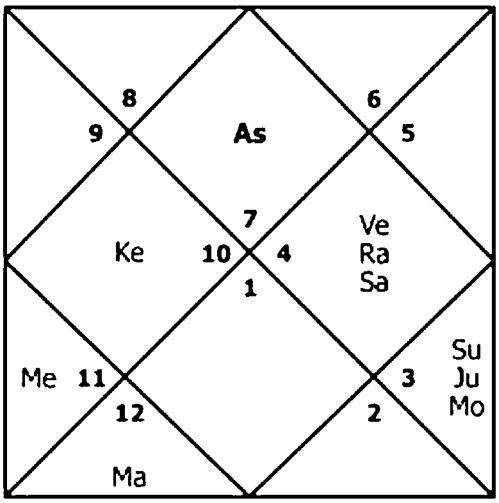

1. When seventh house has malefic relation then spouse dies first.
2. When eighth house has malefic relation then you die first.
3. Eighth house is manglya house of marriage. We check eighth lord of birth horoscope and of navamsha mutually in the boy and girl charts. Note the eighth lord of girl navamsha and check for its association and aspect in boy's navamsha. If it is inimically placed and has relation with malefic or pap kartari then the boy dies first. It is repeated with eighth lord of boy navamsha and checked in girl's navamsha. A benefic relation can improve the situation.

Replace malefic with benefics and the result is reversed.
