Chapter 07:

Sixty Fourth Navamsha

Sixty fourth navamsha sign is one of the sensitive areas and its lord is a Chhidra Graha. The sixty fourth navamsha is also called Khara navamsha.

Brihat Parashar reckons it from Lagan and Moon. Jatak Parijata reckons it from Moon only.

Prashan Marg reckons it from Lagan, Moon and Sun. Why not we reckon it from all planets and houses as well?

The sixty fourth navamsha of any planet or Lagan will be the same navamsha in the eighth sign from it. For example if Moon is in Aries 7 degrees i.e. third navamsha. Then the third navamsha of Scorpio (eighth sign from Aries) will be the sixty fourth navamsha i.e. Virgo.

To ascertain this navamsha, we place the degrees of the planet in the eighth sign from it and workout the navamsha in the eighth sign and for degrees of the planet.

A very simple way to locate the sixty fourth navamsha of a planet is to locate the sign occupied by planet in navamsha chart. The fourth sign from it will be the sixty fourth navamsha. For example Lagan of navamsha chart is Capricorn. The sixty fourth navamsha will be Aries (fourth from Capricorn).

Classics have laid down rules for predicting the events with the help of sixty fourth navamsha. These are summarized below –

1. Transit of malefic over sixty fourth navamsha give events which have long lasting effects, Especially when a malefic is placed in that sign.
2. When the lord of navamsha occupied by Moon is inimical, neutral or friendly to the lord of sixty fourth navamsha from Moon, the person will have short, medium or long life.
3. A Malefic placed in the sixty fourth navamsha of any planet brings harm to the significations of that planet. In the chart of Mrs. Indira Gandhi, Ketu and Saturn are placed in sixty fourth navamsha from Venus. Her husband died at a young age.
4. When the lord of twenty second Dreshkana and sixty fourth navamsha from Moon is same planet and it transits a sign deprived of bindu in Astakvarga then death is unavoidable. If they are different, then both transiting the sensitive point gives death.
5. The transit of malefic gives effect when transiting in the eighth house sign and the navamsha sign of sixty fourth navamsha and vice versa. As an example, the eighth house is Capricorn and Khara navamsha is Virgo, then the event will take place when the malefic transit Capricorn sign and Virgo navamsha or Virgo sign and Capricorn navamsha.
6. Transit of slow moving planets including Rahu and Ketu over the sensitive sixty fourth navamsha produces events of significant nature. The fast moving planets produce events of small magnitude.
7. This principle of transit is also applicable for mundane events.

The sages have specifically mentioned sixty fourth navamsha and not the fourth from Moon or Lagan in the navamsha chart. This is a subtle hint given for working out the navamsha from all houses.

Taking clue from point number 4 above we can try to get both Khara signs for a planet. Twenty second Dreshkana sign of a planet can be similarly calculated. For some longitudes both these signs are same. This sign and its lord is the most harmful planet for the planet in consideration.

The first, fifth and ninth navamsha of dual sign have common sign as the sixty fourth navamsha and twenty second Dreshkana.

For example a planet is at 3 degrees in Gemini. The sixty fourth navamsha sign and twenty second Dreshkana sign will be Capricorn and its lord is Saturn. For any planet in this navamsha Saturn becomes a malefic Khara for the planet.

This malefic nature increases many fold if the planet is also in **vish navamsha**. The conditions are;

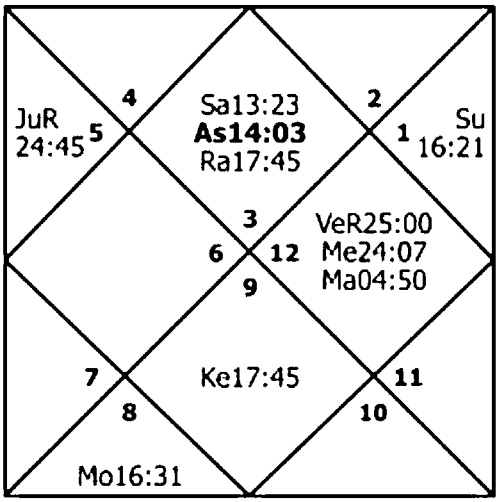

1. The sixty fourth navamsha sign and twenty second Dreshkana sign of the planet is same.
2. The planet is in vish navamsha.
3. The planet is in Sun hora.

Summing up we get three navamsha as the most malefic placement which meet all conditions. These are first navamsha of Sagittarius, fifth navamsha of Gemini and ninth navamsha of Pisces. The fifth

navamsha of Gemini (from 15 degree to 16 degree 40 minutes) and first navamsha of Virgo do not meet the condition of Sun hora and they are less malefic but still give adverse results.

The dasha period of this Khara and the planet gives inauspicious results. The results are more pronounced when the dasha lords are in hora of Sun. We take an example to illustrate it.

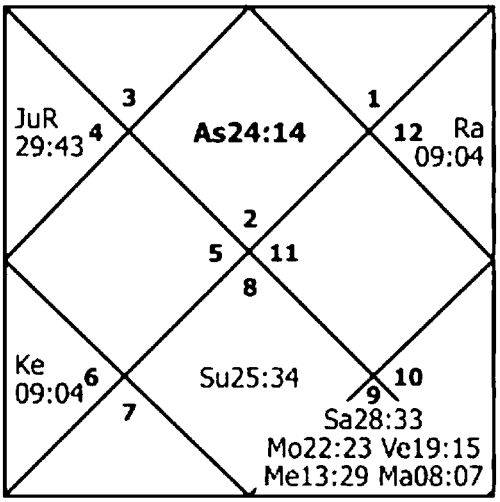

Example – DOB 30 April 1945, TOB 09- 27, POB Delhi
