Chapter 02:

Marriage Matters

In this chapter we will discuss some important questions often asked about marriage. Firstly we will understand some basic rules regarding marriage. In a horoscope seventh house is the house of marriage. We also have lord of seventh house and a karaka of seventh house. We try to understand the significations and the area ruled by each of them.

1. **Seventh house** – It is the house that governs marriage. The promise of marriage is seen from this house.

2. **Seventh lord** – The seventh lord is the owner of the house. His responsibility is to look after the house. An afflicted lord will not be able to look after the house. Well connected lord will manage the house well.

3. **Karaka** – The karaka of marriage for male is Venus. The karaka of marriage for female is Jupiter. Venus also represents the lust and luxury for both sexes. The sexual energy of male is controlled by Venus. The sexual energy in female is controlled by Mars. Karaka is the inner beauty in marriage. It is not the physical charm but the caring attitude.

Kaal Purush

Kaal purush chart is the basic chart. This chart gives a lot of information through the ownership, exaltation

and debilitation signs of planets in this chart. We understand this in reference to seventh house. This applies to navamsha as well.

1. **Exaltation** – Saturn gets exalted in seventh house. Exalted planet gives ego and status in marriage.
2. **Debilitation** – Sun is debilitated in seventh house. It gives no ego or status in marriage.
3. **Lord** – Venus is the lord of this house. Venus is the owner and is responsible to maintain this house.
4. **Sign** - Libra is the sign of seventh house in kaal purush chart. Libra is also seen for promise and quality of marriage.
5. **Jupiter** – Jupiter is exalted in fourth house. It is therefore significator of happiness in marriage. Jupiter is debilitated in tenth house.
6. **Sun** – Sun is exalted in lagan. Exalted Sun gives ego in marriage life.
7. **Mars** – Mars is exalted in tenth house and gives authority in marriage life.
8. **Venus** – Venus exalts in twelfth house of bed room.
9. **Mercury** – sixth house is the exaltation and causes rift in marriage life.

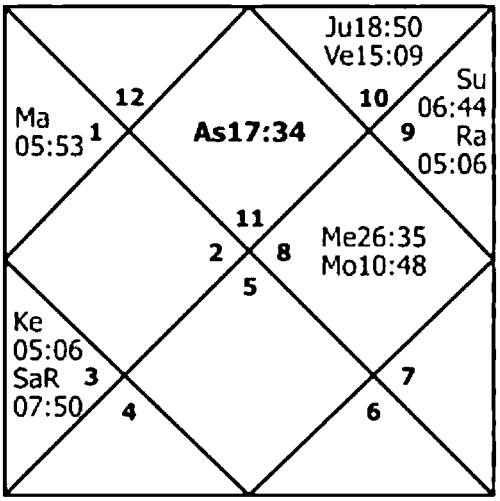

Promise of Marriage

Seventh house is the house of marriage. The promise is marriage is seen from seventh house. It is not the purview of seventh lord as seen by many. The promise is checked first in birth horoscope. The seventh house can be unoccupied and un aspected. There can be a malefic relation but it should have a benefic relation. The lagan lord and seventh lord even when a malefic their association with seventh house can still promise marriage.

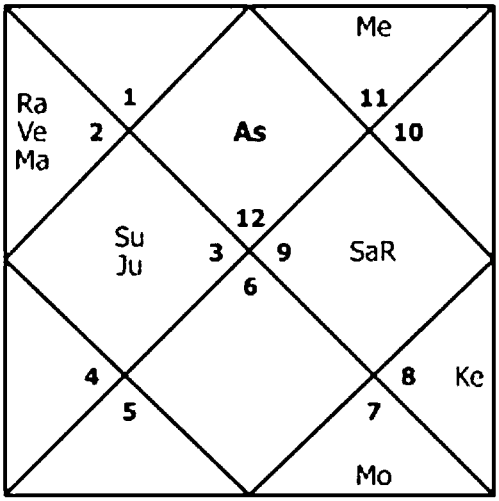

Association of only benefics with seventh house is good for promise of marriage.

Now we check the lagan and seventh house of navamsha. Lagan is the desire of marriage. The lagan should have benefic relation to make a person desirous of getting married. Seventh house of navamsha is the house of marriage. It should meet conditions as discussed for birth horoscope. The sign Libra is also seen for its association and aspect.

Example DOB 22 December 1973, TOB 11.25, POB Delhi

Seventh house of birth horoscope is not having any planet. It is aspected by Saturn. Saturn is considered malefic but not for this horoscope since it is lagan lord also. The promise of marriage is present.

In navamsha the seventh house is vacant and not aspected by any planet. It is not a denial but seventh house is average and have no malefic relation. Lagan also is vacant and not aspected. Libra is occupied by Moon and aspected by Jupiter. Jupiter is benefic and is lagan lord.

Marriage is promised.

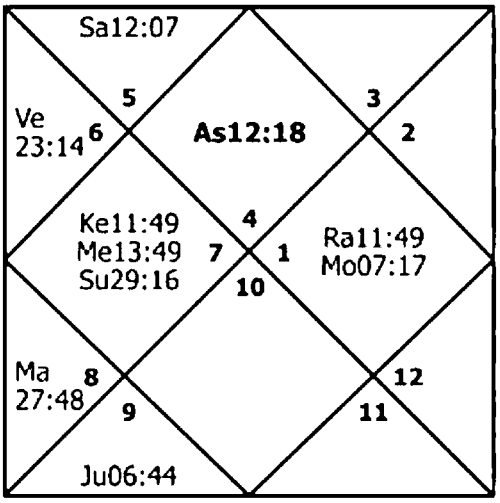

Quality of Marriage

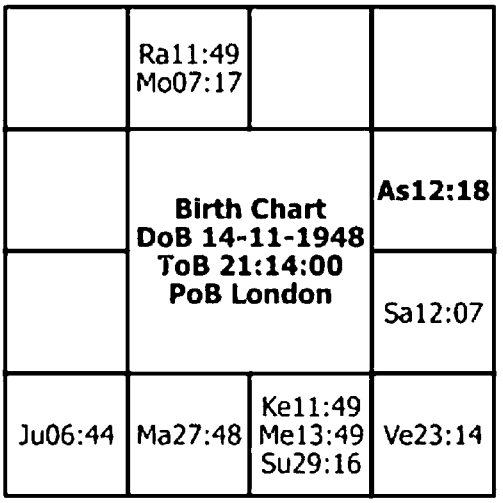

We have noted that karaka of marriage is the beauty of marriage and gives a clue about quality of marriage.

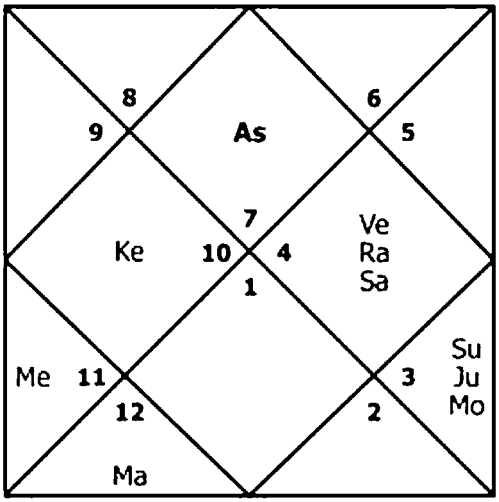

1. The karaka of marriage is checked in birth horoscope and navamsha. It should not have malefic association. It can be debilitated but should not be afflicted. One affliction is tolerable. More afflictions spoil the marriage. Benefic association improves the quality of marriage. Navamsha is the final outcome.
2. Two or more benefic association with seventh house also enhances quality of marriage. This is seen in birth horoscope and navamsha.
3. A combination in Trimshamsha and birth horoscope provides good information about quality of marriage. When sign of Saturn or Mars or Sun rises in lagan of Trimshamsha and these planets also influence lagan of birth horoscope then the marriage is disturbed. The problem is manifold if Sun or Moon occupy birth lagan and have malefic relation. When these are replaced by benefics then marriage is a quality marriage.

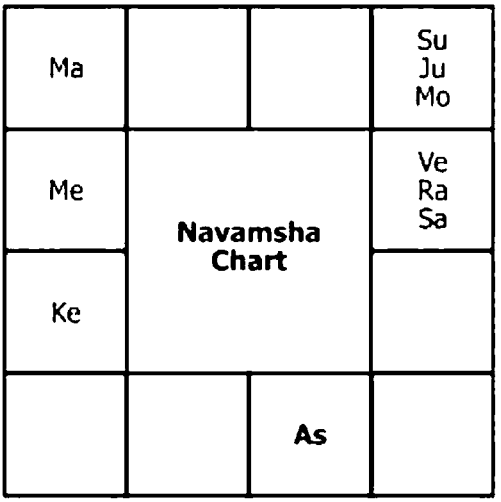

Sometimes marriage starts on a happy relation but turns bad over a period of time. The reverse is also true. We should also check this. The birth horoscope and navamsha are consulted for this. The navamsha is shashvat chart and show the ultimate condition. When quality is good in birth horoscope and is bad in navamsha then the relations turn sour over a period of time. When it is not so good in birth horoscope but is good in navamsha then relations improve after some time.

Example Male DOB 14 November 1948, TOB 21.14, POB London

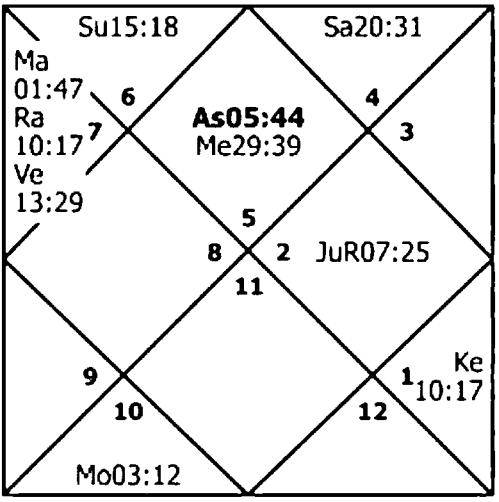

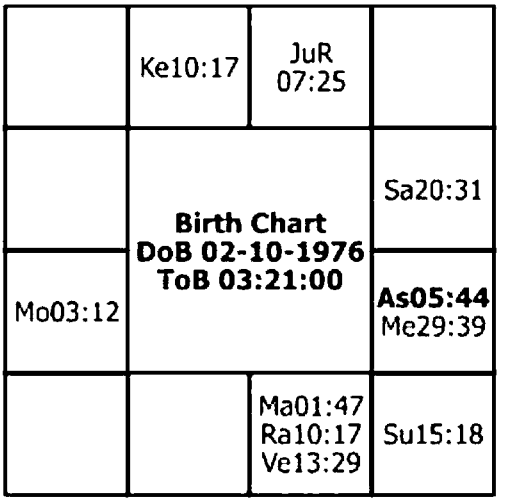

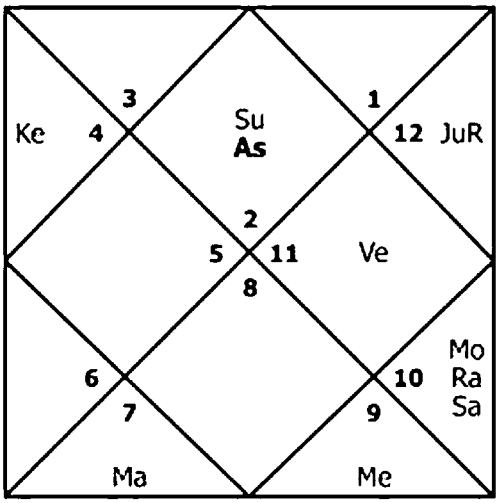

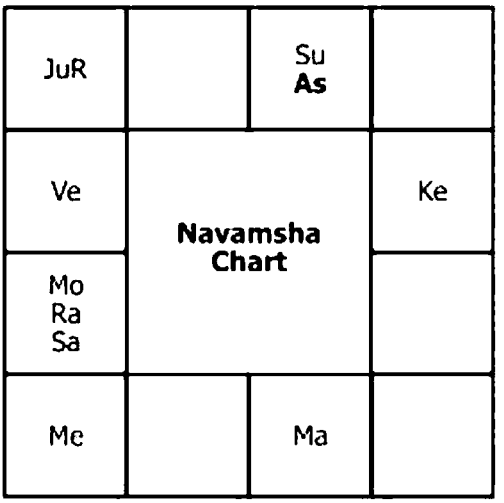

This is a male chart. Venus is the karaka of marriage. In birth horoscope Venus is debilitate but have no malefic association. In navamsha Venus is with Rahu and Saturn. It has no benefic association. Seventh house is under malefic aspect of Saturn. The marriage turned bad later even when it started on a good note.

Example Female DOB 2 October 1976, TOB 3.21, POB Narwana

This girl was not married. She was engaged for marriage in September 2010. Marriage was fixed for November 2010. Immediately after marriage she returned back to her parental home.

1. Planet exalted in the navamsha chart is considered best even when it is debilitated in birth chart.
2. Any planet debilitated in navamsha give bad results even when it is exalted in birth chart.
3. A vargottam planet is strong. It gives name and fame. Even a debilitated Vargottam planet gives wealth and fame but with some problems like health or mental tensions.
4. Planet in the signs of benefics are strong.
5. Planets in navamsha occupying the signs of kendra/trikona of birth chart are auspicious.
6. The navamshas is further classified as Dhrid, Dhridh-adhrid and Adridh. The fixed sign in navamsha are dhnd, and dual are dridh-adhrid and the movable are adridh. The prarabdh signified by dndh cannot be changed, those signified by dual can be changed with effort and the one signified by movable signs can be changed with a little effort.

Marriage

Navamsha is specific chart for marriage and marriage related matters. It can be seen independently for analysing marriage of a person.

Examination

1. Lagna of navamsha is the major consideration for marriage. A strong Lagna and Lagna lord gives marriage.
2. Wealth and speech in mamage. It also shows the longevity of spouse. An afflicted second house is not welcome as it gives tensions in married life.
3. The efforts required to keep the marriage going. A malefic is welcome but it shows great efforts needed to keep the marriage intact. A benefic placed here needs no effort to sustain the mamage but gives a carefree attitude.
4. The happiness of married life. It shows the enjoyment of mamage. A malefic like Rahu or Ketu do not know the happiness of marriage even when happiness is present.
5. Intelligence of married life. It is the thought process one has towards marriage. An afflicted fifth house cames bad intentions and is the spark to ruin the marriage. A benefic fifth house can avert an ugly situation.
6. The conflicts and problems faced in marriage. A strong 6th house has no conflicts and the married life is smooth.

7. All about marriage partner. A well associated seventh house gives a good life partner.
8. Longevity of mamage. Accidents and sudden happening. Secret relations outside the mamage.
9. The religious aspect of mamage. If spoiled by malefics or trik lords, takes away the very essence of trust of marriage.
10. Actions in married life. A benefic tenth house gives auspicious ceremonies. It is the duties one has to perform in the married life. An afflicted tenth house tends to give undesirable actions which can be forced upon the marriage.
11. Lust of the mamed life. Demands of spouse. Malefic relations give a spouse who is never satisfied in his/her matenalistic desires.
12. Losses suffered. Separation, confinement. It also shows the sexual pleasures of marriage. Affliction to 12th house gives no fulfilment of sexual desires.

1. Promise of Marriage

Lagna of navamsha is the primary consideration. If the Lagna has a benefic or is aspected by benefic then marriage is assured. Second house and seventh house are next consideration. These houses should also have benefic association. Association with lord of the house even when a malefic is considered good.

When all three i.e. Lagna, second house and seventh house have malefic association then marriage is denied or delayed.

Another method is to look for the seventh lord/Lagna lord of birth chart in navamsha. If these lords are badly placed in 2,6,8,12 houses from birth Lagna and from the sign occupied by it in birth chart or in navamsha, then mamage is denied. When well placed from one of these signs, it gives marriage but with problems in married life.

Affliction to Venus is also a hindrance to marriage. Venus in strength and well placed in birth chart and navamsha assures mamage.

Example 8

This chart is given to show that malefic influence on Lagna and seventh have given mamage. He married on 19'r May 1995 at the age of 22rd year which is considered little early for a boy.

Lagna is occupied by Saturn, Mars and Rahu with no benefic aspect. Seventh house has Ketu and is aspected by seventh lord Saturn. Saturn aspect on 7th house has promised the marriage.

6. Caring Spouse

Loyalty in married life is a mutual relation. In the orthodox Indian society couples have mutual trust and the cases of broken mamage were rare. With the present inclination towards materialistic happiness, cases of separation and disputes in mamage are rising.

The parameters for loyal life partners as seen in navamsha are -

1. Venus and/or seventh lord have only benefic association.
2. The seventh lord is a satvik planet, well placed and have benefic association.
3. Venus and/or seventh lord occupies a benefic sign in shashtiamsha (D-60).
4. Lagna lord of navamsha chart is taken as a benefic.

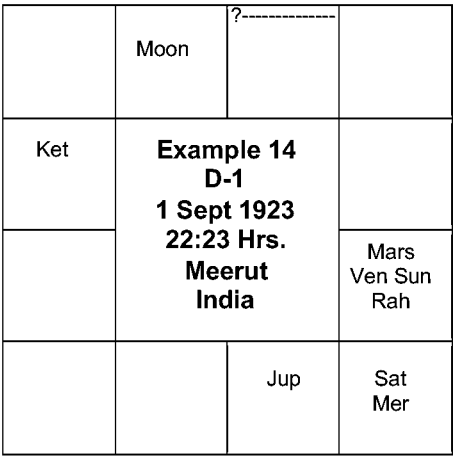

Absence of these combinations does not mean that the spouse is not of good character. If the spouse takes care of your requirement and looks after you well is the loyalty.

Example 14

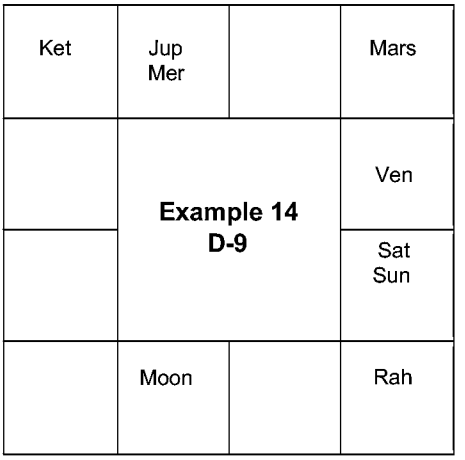

Venus is well placed and is not aspected by any malefic. M oon is the seventh lord and placed in eleventh house with no malefic association.

In shastiamsha chart Venus is in Libra and Moon is in Gemini. Both are in benefic signs.

Married life lasted for over 56 years. He was very well looked after by his wife. She always supported him.

Lag Sun	Moon	Mars	Mer	Jup	Ven Sat Rah		
01 °16' 15'J25'	25J20'	07J37'	12°27'	20J39'	13U02'	24'58'	18J42'

C olour and Beauty of Spouse

Venus and Jupiter are the prime factors to judge the beauty of spouse. Venus is the significator for wife in the boy's horoscope and Jupiter is the significator in a girls horoscope.

A strong Venus without association of Saturn generally gives a beautiful wife. Same is the consideration for Jupiter to give a handsome husband.

The strongest of seventh house, seventh lord and Venus decides the complexion of spouse.

7. Mutual Attraction

For assessment of compatibility in marriage, the matching of horoscopes are done with the natal positions of Moon of bride and groom,as a general practice called guna milan. However we should examine the Lagna, Sun and Moon. Atma or the spiritual side is controlled by Sun. The mental compatibility is controlled by Moon and first house.

The astrological rules which lay own the mutual attraction between a boy and girl are given. These are necessary requirement for a happy successful married life.

1. When the Lagna of boy and girl are opposite to each other, there will be attraction.
2. M ars is the ruler of sex d esire for g iris. Venus is the ruler for boys. The Mars of girl's horoscope should be conjunct with or aspects the Venus of the boy's horoscope. Similarly Venus of boy should be conjunct with or aspects Mars of the girl. Even when one relation is present, it is good. These association if repeats in navamsha also, it is best.

In cases where this relation is present in birth chart but not

in navamsha, then there is mutual attraction in the beginning of affairs but fades out with time. On the other hand this relation of Mar/Venus is not present in birth chart and present in navamsha then the attraction develops with time.

This mutual relation of Mars/Venus can prove dangerous also unless modified.

3. The same relation of Mars or Venus is established with Sun or Moon of the horoscope, it also gives strong attachment.
4. When Sun of one partner is making relation with M oon of the other partner, or they are in mutual trine to each other, there is deep friendship after marriage. Mutual placement in 6,8,12 is not desirable.
5. The signs occupied by Lagna, Sun and Moon of partners, if afflicted in the chart of other partner, brings problems in married life. The cause of problem will be physical when Lagna is afflicted. It is spiritual when Sun is afflicted and is mental disagreement if Moon is afflicted in this manner.

8. After Marriage

How the marriage will turnout to be. It may be a happy life or unhappy. The basic parameters are the seventh lord and Venus.

1. Seventh lord or Venus should occupy 2"° house or an upchaya house. This also gives prosperity after marriage.
2. Seventh lord in trines or in ICT house.
3. Benefic association with seventh lord or Venus.
4. M alefic association w ith Venus or seventh lord when in trine or in tenth house is also good but it takes extra effort for happy life.
5. When seventh lord or Lagna lord or second lord or Venus are placed in sixth or eighth or twelfth house or are combust and have malefic association the result is unhappiness in married life. In case even one benefic is also associated then the recovery is also there.
6. The eighth lord plays an important role in deciding the life after marriage. Influence of eighth lord on the Lagna or seventh house/lords leads to divorce or even death of spouse. Benefic association can avert an ugly scene and save the mamage.
7. A well placed and well connected twelfth lord gives amicable relationship. Any affliction of malefic planets may ruin the relationship.
8. Trimshamsha chart also plays a major role - when the trimshamsha Lagna falls in the sign of M ars, Saturn or Sun and the same planet

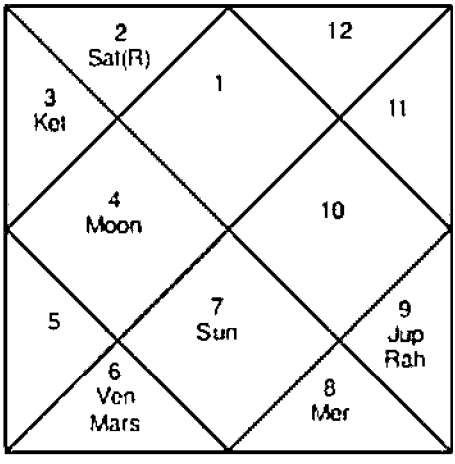

is influencing Lagna of birth chart, then the married life is disturbed. This situation becomes grave when Sun or Moon are in birth Lagna and are influenced by malefics.

Example 15

This chart belongs to an orthodox Hindu family where divorces are not very common. She was married on 26 Jan 1996. Problems started very early but marnage went on till Feb 2003 when she returned to here parents home and divorce was filed. They were divorced in Aug 2004. No child was bom.

In the navamsha chart Rahu occupy seventh house. Eighth lord Jupiter aspects the seventh house. Eighth lord is exalted.

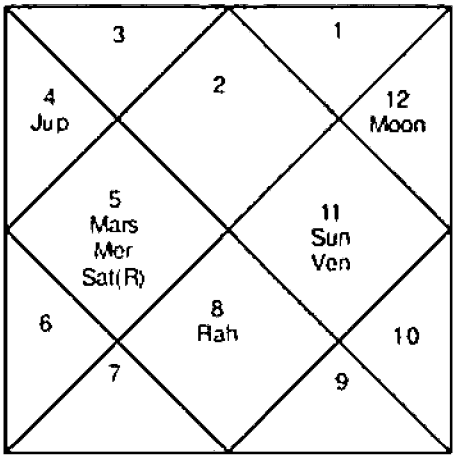

Trimshamsha Lagna is Aries. Mars aspects both birth Lagna and the trimshamsha Lagna.

9. Match Making

Match making is like fixing a game of cricket. The two players are the bride and the groom.

Traditionally the guna milan (matching) is done on the horoscope of the couple. This matching is based on the Moon sign and the Moon nakshatra. All other factors are not considered. In practical life we have seen that despite good matching mamage can turn into a disaster and vice versa.

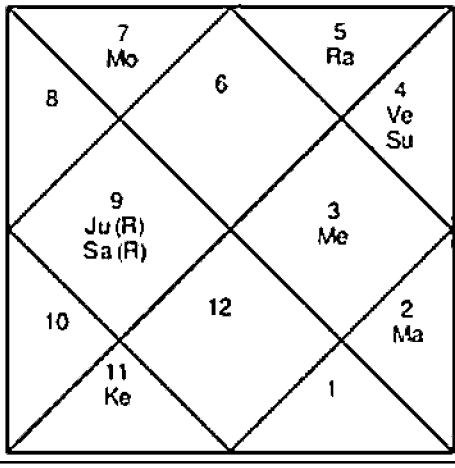

We are now giving a method to judge thebehaviour or actions of bride or groom towards the spouse in married life. This can give sufficient information about their relationship and is a good tool for match making.

Navamsha is the chart which shows all about your marriage. The seventh house is the marriage and the seventh lord is the ow ner of the marriage. We therefore check as to how this owner of marriage will behave with the partner.

1. Note the seventh lord of navamsha of one partner.
2. See the placement of this seventh lord in the navamsha chart of the other partner.
3. A badly placed and afflicted owner is not considered good.
4. A benefic association safe guards the marriage.
5. The behaviour towards spouse is seen from placement in the house of navamsha. For example if it is in 12th house then the owner spends a lot for other partner.
6. Repeat with seventh lord of navamsha of the second partner in the navamsha of first partner.
7. Two way good placement and association is the best matching.

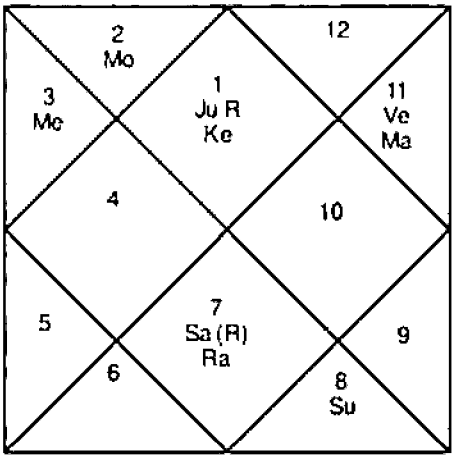

Example 16

These charts are of a happily married couple. The ashtkoot milan gives only 17 matching point.
