Shodashamsha D16

Shodashamsha is one sixteenth division of a sign. It is also known as kalamsha or niripmanamsha.

Each sign is divided into sixteen equal parts resulting l°-52'-30" as the span of one part and is the measure of one shodashamsha.

Parashari orCyclical method.

The first shodashamsha of planets placed on movable sign remains in Aries. The next shodashamsha goes to next sign in direct order to Taurus and so on.

For planets placed in fixed sign, the first shodashamsha goes to Leo and the rest follows in direct order.

For planets placed in dual sign the first shodashamsha goes to Sagittarius and the rest follows in direct order.

Brihat Parashar Hora said

From Shodashamsha one should assess the happiness and vehicles. Shodashamsha is the indicator of movable pleasures or happiness. (The chaturthamsha is for happiness from immovable). The movable pleasures may be derived from matenalistic things, sensual and mental satisfaction. Basically this amount to the experience of happiness. We can say that this chart is the indicator of the nectar of life (j I).

This chart is also called Kalamsha i.e. sixteen phases of Moon. Moon phases are from total darkness (Amavasya) to full brightness (Poomima). Moon is the indicator of mind (eu). This chart therefore is seen for "how much a person is able to enjoy the happiness available to him."

M oon also governs the mental strength and the patience of a person. The mental endurance is thus seen from shodashamsha. On the negative side it is the mirage of pleasures which may lead to humiliation and unhappiness.

Houses of Shodashamsha

First House - General level and sources of luxury. "The quantum of various luxunes is seen from the strength ofLagna.

Second House - The upbringing which moulds your attitude towards the happiness. The status of your happiness. Accumulation of happiness.

Third House - The courage exhibited or the acts of courage to get the luxury. It can give loss of vehicles and unhappiness by own doing. Any relation of third house/lord with Lagna/Lagna lord or fourth house/lord promise such losses.

Fourth House - Happiness or unhappiness from the luxuries of life. This house is the sukh sthana (I fcjkLRH It allows us to taste the nectar or poison of luxuries. The attitude toward happiness. Any relation with sixth, eighth or twelfth house indicate vehicular or other accidents which causes loss of happiness.

Fifth House - It is an important house as it stands for your karmas of past life in regard to your luxuries of this life.

Sixth House - Sixth house is the enemy of your luxuries. This house shows the loans you raise to acquire any luxury. The vehicular accidents are also ruled by this house. It shows litigations or disputes due to conveyance.

Seventh House - Partners who enjoy or suffer the luxuries with

you or contribute to your happiness. The lord of 4th house of natal chart and related to 7th house of shodashamsha gives conveyance provided by others and not your own.

Eighth House - Long tenn problems due to the luxuries or vehicles. Fatal accidents due to conveyance of any type. Afflicted planets in 8" house need to be watched during their dasha.

Ninth House - The luck factor of luxuries. It is the house for long travels also. A strong 9th house makes one possess good luxuries and he enjoys it.

Tenth House - The use of conveyance. It can be for good purpose or bad purpose. Actions for comforts in life.

Eleventh House - Gain or loss of the luxuries. The level of greed towards the amenities of life. Relation of Lagna and eleventh and with malefic connection indicate a materialistic person whose greed can never be satisfied.

Twelfth House - Loss of the amenities. The losses can be due to theft or accident or by litigation (sixth house).

Rules for examination of Shodashamsha

1. Lagna indicate the level of luxuries and the source of these luxunes.
2. The Raj yoga present indicate high level of luxuries.
3. Dhana yoga indicate the magnitude of the luxuries.
4. Any association of 6" or 8th house/lords with Lagna or fourth house/lords indicate danger or accidents through vehicles.
5. Association of 3'3 and 12th house/lord with Lagna or fourth house/lord shows loss of vehicles. Losses which can be due to theft or other accidents.
6. Look for the shodashamsha lord of Sun to see the richness of material happiness and the attachment of soul with it.
7. For vehicles, clothes, cosmetics etc. see the strength of Venus. A strong Venus when placed in cruel shodashamsha gives vehicles but also gives the danger through them. Directional strength of Venus in D16 promises good luxuries in life.
8. Look for planets placed in cruel shodashamsha. The planets related to sixth, eighth, twelfth and third house and in cruel shodashamsha cause damage in their dasha/antardasha.
9. Jupiter is the karaka for inner happiness and satisfaction. A strong Jupiter in good shodashamsha and aspecting Lagna is the best to ensure inner happiness.
10. Moon shows the mental acceptance of the amenities available. It

shows the most attached thing to the person. The Parashah lord and the tithi lord of Moon is seen.

11. Jupiter and Venus are the karaka for 4th house as far as happiness through movable possessions is concerned. Jupiter indicate the quality of possessions i.e. type of vehicle etc.
12. Lord Shri Krishna should be worshipped to appease all sixteen kalas. When there is affliction in D16 we must recite Gobind Namavali.
13. M ars is the karaka for permanency of happiness or luxuries. See the placement of Mars from ninth lord of DI in the shodashamsha chart. Well placed Mars gives long lasting happiness.

Lords of Shodashamsha

Parashara have given the lordship of shodashamsha to Brahma, Vishnu, Mahesh and Sun. In odd signs this sequence is followed in direct order and repeats four times. For even sign the order is reversed and start from Sun.

Lords of Shodashamsha		
D16 Part	**Odd Sign Lord**	**Even Sign Lord**
1.5.9.13	Brahma	Sun
2.6.10.14	Vishnu	Mahesh
3.7.11.15	Mahesh	Vishnu
4.8.12.16	Sun	Brahma

Brahma - Brahma is the creator and first most intelligent living being. The happiness is sought by creating, starting something new, by intelligence, by carrying out duties given or assigned by someone superior. The attachment is through bonds of knowledge. Planets in this division give creative power and ability to plan the action.

Mahesh - He is the destroyer of evil. Any thing which is not going as per the law and social norm are destroyed by Mahesh. M ahesh gives attachment to people. Planets in this division show the period of troubles like accident or damages.

Sun - Sun is the life giver. He is the king and bestows happiness by granting power, authority, fame etc. A king punishes the wrong doers without mercy. The person is attached to karma yoga or his work and takes pride in achievements. It shows the light when grappling with problems. Planets in this division like to show their

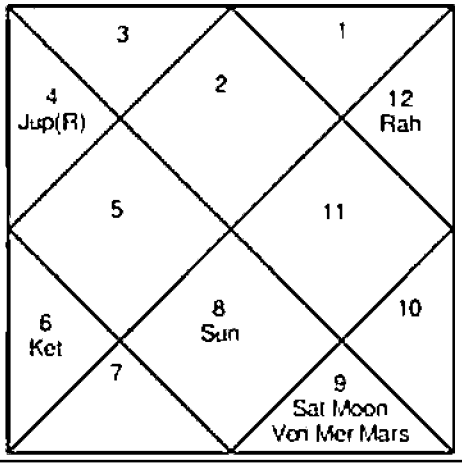

possessions and take pride in them.

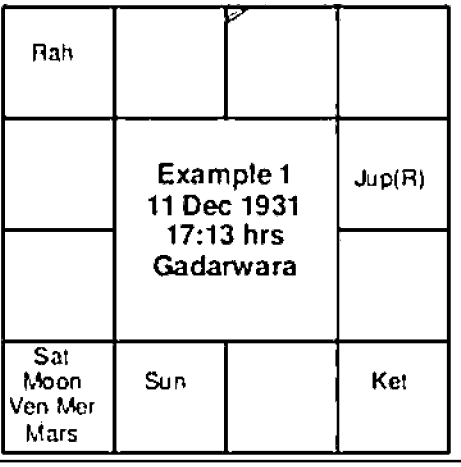

To understand shodashamsha, we have to know the tithis which are sixteen kalasof M oon.The lordship and the rituals required to be performed for fulfilment of wishesare given. These tithiscan be equated to the part of shodashamsha. These are taken from Bhavishya Puran.

The Lagna is the general source of happiness. It is influenced by Jupiter (wisdom, priesthood), Mercury (intelligence) and Mars (authonty). He was a great Guru having a very large following. His preachings are noble and forceful.

The Karaka of Luxuries and vehicles, Venus, is in own sign. Fourth house and fourth lord are strong. It is in Rahu/Ketu axis indicating problems also. Venus is placed in eleventh shodashamsha whose lord is Vishwadeva. It is said he had 43 Rolls Royce. The Parashah lord of Venus is Mahesh. His attachment was to people.

Moon occupies the shodashamsha of Sun and the pride is in showing the mental ability. M oon is the Lagna lord also.

The M ahadasha at birth was also of Venus promising all luxuries. The aspect of Mars on Venus and its location in Rahu/Ketu axis deprived him of the luxuries in Jupiter M ahadasha. Jupiter is lord of 6^{tn} house placed with Mercury, lord of twelfth and third.

Lagna is aspected by its own lord Mercury, Sun also aspects Lagna. As the Lagna is aspected by its lord, it promises luxuries and vehicles.

Most of the planets are placed in Shiva, Rudra and Yama and Durga as tithi lords, specially Venus, Rahu and Ketu qualify as critical planets as they fulfilled all the three criteria : a - Tithi lord and Parashah lord are Shiva/Yama; b - They are in eighth and fourth house; c - They

Lord of sixth house in DI and D16 is M ars and aspects the fourth house in both charts. Vehicular accident can happen. Fourth house is badly afflicted. It is occupied by Rahu/Ketu and aspected by Saturn

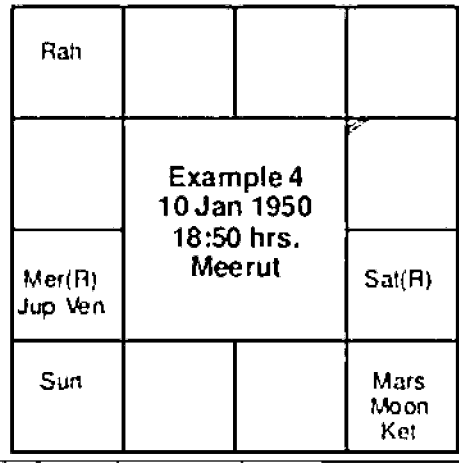

and Mars. Saturn is eighth and ninth lord. Planets related to sixth and eighth house cause accidents in their dasha periods. The eighth house accident can be fatal if devoid of any benefic aspect. First major accident happened in Venus/Venus/Mercury. Venus is in eighth house and aspected by eighth lord. Aspect of afflicted Jupiter acted as a saviour. Venus is 12^{r} lord also showing total loss of vehicle. Venus is ruled by Shiva and is in Krishna Paksha.

Next serious accident happened in Sun/Mercury. Sun is third lord and aspects Lagna. Third and twelfth house indicate loss of vehicle either by theft or by mishap. Mercury is Lagna and fourth lord. The relation of third and fourth caused it.

Mantreshwar has given a different method of casting of shodashamsha chart. However the lords are same as given by Parashara.

For planets placed in odd sign, the first shodashamsha division starts from the sign itself and next goes in the direct order. For planets in even sign the first shodashamsha start from the sign itself and the next goes in the reverse order.

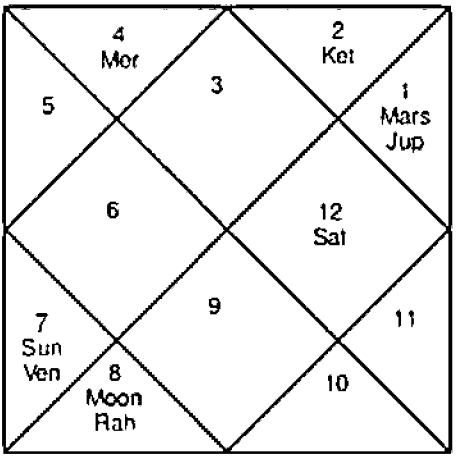

We examine the examples given under Parashah system for Matreshwar shodashamsha.

Lagna is not occupied or aspected by any planet. Karaka of vehicle Venus is well placed in own sign in 5^{tr} house. Ihe opposition of Venus and Jupiter is forming a great Raj yoga but this marred by involvement of malefic Sun and Mars. Moon is debilitated in sixth house and is aspected by sixth lord, M ars in eleventh house in own sign aspected by fifth lord is a good Dhana yoga.

Example 3

Lagna is occupied by ninth lord Sun and is strong, promising good comforts with a sense of spirituality.

Fourth house is occupied by eighth lord Moon along with Rahu. Moon aspects the Lagna lord. Fourth hosue is aspected by its lord Jupiter and promise all luxuries. Trouble through vehicles is seen but

The fatal plane accident occurred in M ercury/Sun.

Othermethod ofcasting shodashamsha - Third Version

There is another method ofcasting of shodashamsha. For planets in odd signs, the first shodashamsha starts from the sign itself and follows in direct order. Say any planet in Leo in 3rd part will occupy Libra in shodashamsha chart.

For planets in even sign, the first shodashamsha starts from fourth sign and other follows in reverse order. A planet in Cancer in 3rd shodashamsha will go to Leo in shodashamsha chart.

We now see example charts according to third version of shodashamsha

Example 1

The karakas of fourth house are Jupiter and Venus. Jupiter is lord of fourth house also. Jupiter is exalted in eleventh house and is placed with Lagna lord. Venus is in own house. Both are strong.

Jupiter isaspected by twelfth lord Sun and eighth lord Mars. Not a good position. Jupiter period deprived him of fourth house luxuries. Eighth lord Mars also aspects Venus.

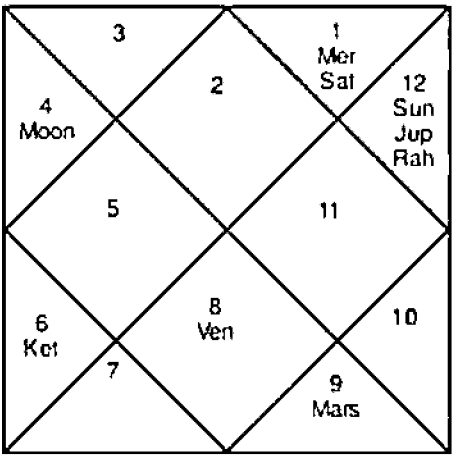

Sat	Mars		
Rah	**Example 1 Third Version DI 6**		Jup Mcr
Sun			Ket
	Moon	Von	

Most sinister position is of seventh house. It is occupied by Saturn and is in papa kartari. Aspect of seventh lord on seventh house protects the partners who are schemers and are the enemy (Saturn is fifth and sixth lord).

This chart clearly explains the role of Jupiter.

Example 2

Lagna is aspected by its lord Venus making it strong. Jupiter is also in its own sign but with Sun and Rahu and aspected by Mars. The inner happiness is in agitated state. Moon is exalted and aspected by Jupiter which imparts great mental strength. Moon is again aspected by Mars.

Sun Jup Rah	Mer Sat		
	Example 2 Third Version DI 6		Moon
Mars	Ven		Ket

Fourth house and Lagna have no malefic PAC and assures good state of luxuries. Mars is also maraka for the attachments of life. All attachments finished in the major period of Jupiter.

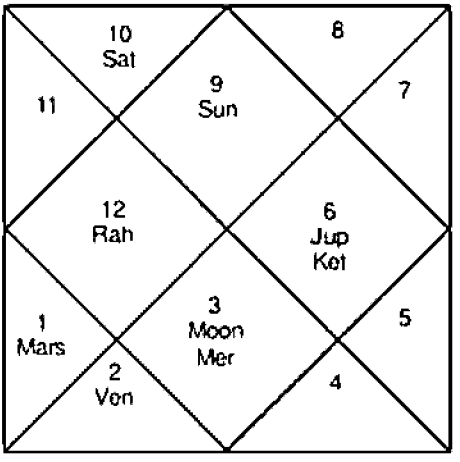

In the Parashah method Jupiter is exalted in 9" house and has no malefic conjunction or aspect. It is with lord of 9th house Moon.

Example 3

Eighth lord is aspecting Lagna and the Lagna lord is with Ketu. Combination of seventh lord with eighth lord is causing arishtadue to vehicles. Sixth lord is strong.

The accidents happened in the dasha periods of Mercury, Venus and Sun.

In comparison with Parashari shodashamsha, this version shows the arishta clearly.

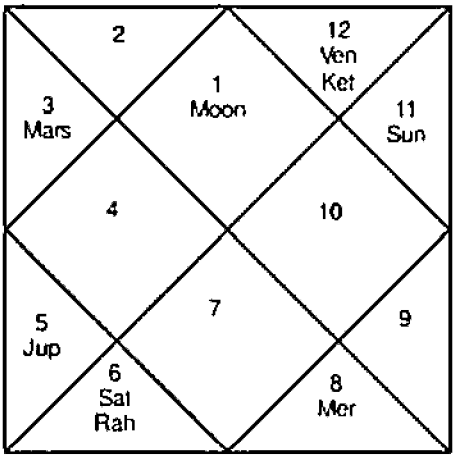

Rah	Mars	Ven	Moon Mer
	Example 3 Third Version D16		
Sat			
Sun			Jup Ket

Example 4

Jupiter is aspecting Lagna and the fourth lord. Jupiter is lord of twelfth house, the house of loss of conveyance. Saturn in the sixth house with Rahu and aspected by Venus and the eighth lord Mars who are first rate maraka.

The vehicle was lost in Saturn/Moon/Jupiter. Again this version give a better analysis.

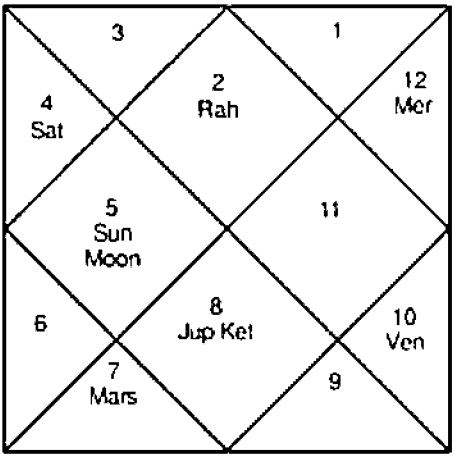

Ven Ket	Moon		Mars
Sun	**Example 4 Third Version D16**		
			Jup
	Mer		Sat Rah

Example 5

The lord of eighth house aspects Lagna which is occupied by Rahu. The lord of twelfth and seventh, Mars also aspects Lagna. As such Lagna is highly afflicted showing great problems due to conveyance.

Venus and Saturn are forming a good Raj Yoga giving her own aeroplane. The fatal accident occurred in Mercury/Sun.

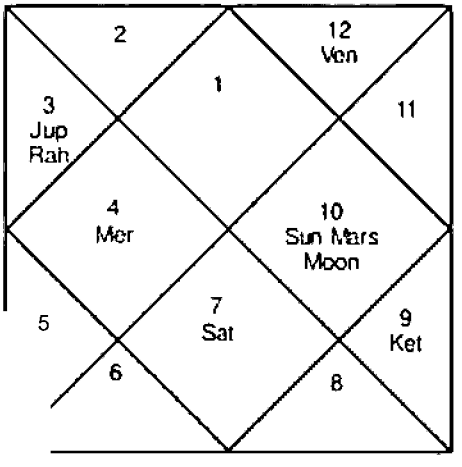

Mer		Rah	
	Example 5 Third Version DI 6		Sat
Ven			Sun Moon
	Jup Ket	Mars	

Example 6

Lagna is aspected by exalted Saturn and exalted Lagna lord Mars. Mars is eighth lord also but is considered good being Lagna lord. The chart is having good Raj yoga with combination of Sun, Moon and Mars. Aspect of Mercury is detnmental and can cause accidents.

All comforts are promised.

Ven			Jup Rah
	Example 6 Third Version DI 6		Mer
Sun Moon Mars			
Ket		Sat	

Note

The third version seems to give better results for material possessions and arishta. However the tithi lords and the Parashah lords remain the same and give the same interpretation for this version also.

The Mantreswar method shows better timing of events and Parashah method indicate the spiritual happiness also.

The bhava whose lord is in a benefic shodashamsha will flourish

- BPHS ch7. shloka 8

D16 may reveal the up-side of an otherwise poor-looking planet. Astrologer should check the D-16 not only to ascertain vehicle karma, but also to balance their spot judgment.

The D-16 will reveal the secret benefits of a planet if there are any; and send the astrologer back to the radix in search of confirming positive aspects.

Another way of interpreting the Shodashamsha is that what are the areas in life you enjoy doing. We can see the dashamsha lord in shodashamsha. A badly placed planet in shodashamsha do not give enjoyment of its area of work. We can therfore do the works which we enjoy doing.
